

February 27, 2018

Dear Valued Kidde Partner,

Beginning March 1, 2018, Rapid Entry System Lock Boxes by Kidde will be available to purchase online at Lockbox.ShopKidde.com. Our Rapid Entry System Lockboxes will no longer be available for purchase using an order form by phone, fax or standard mail. Kidde has moved to the online ordering method in order to be fully compliant with industry security and privacy protocols for the protection of customer information, and to provide faster secure order processing.

After setting up an account on the website, customers will be able to search for and select their specific Fire Department, make their product selection, and then checkout using a credit card.

Going forward, please provide this new ordering information to lock box/building owners in your community - instead of the order forms.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jim Frazier".

James Frazier
Vice President – Sales, U.S. & Canada

About Kidde

Founded by Walter Kidde, a pioneer in early smoke detection and fire suppression, Kidde is the world's largest manufacturer of fire safety products. Each day, we work to expand upon our legacy of innovation, providing advanced solutions to protect people and property from fire and related hazards.

Products

The Kidde Rapid Entry System is designed to help fire departments and businesses work together to preserve lives and property. It eliminates the need for fire department officials to maintain and carry cumbersome key rings with hundreds of building keys. The SupraSafe line by Kidde offers a variety of sizes, styles and features. Building owners can custom-tailor a Rapid Entry System to meet their needs.

Toll-free product support

For questions, please e-mail: lockbox@shopkidde.com or call 800-654-9677 ext. 3048365.

Rapid Entry System

Instant fire department access without damaging the door or building

The Rapid Entry System is designed to help fire departments and businesses work together to preserve lives and property. It eliminates the need for fire department officials to maintain and carry cumbersome key rings with hundreds of building keys.

Here's how the Rapid Entry System works:

1. The building owner purchases the Lock Box of his choice and mounts it securely near the entrance. Fire department officials lock the building keys in the Lock Box.
2. To ensure absolute security, Kidde has developed a flexible program for shipping Lock Boxes directly to building owners. Special security keys are supplied only to authorized fire department officials.
3. When a fire alarm sounds at night or on the weekend, the fire department has instant access to the building. Access is fast, easy and safe without the need for the building owner or tenant to drive to the site after hours.

Kidde — a name you can trust:

Safe and secure. Keys that open the Lock Boxes are provided exclusively by Kidde. Our SupraSafe 2 High Security units are UL certified antitheft devices. All SupraSafes are steel construction with locking systems designed to withstand attack. Optional tamper switches can be integrated with a building's alarm system.

The SupraSafe line offers a variety of sizes, styles and features. Building owners can custom-tailor a Rapid Entry System to meet their needs.

Toll-free product support. You have the resources of the world's largest lock box manufacturer and the backing of Kidde.

Help make it safer for the fire department to protect property and reduce injuries; avoid the expense of replacing a costly door or window due to unnecessary forced entry.

Costly damage of forced entry is eliminated when building keys are stored securely near entrances.

For more information call 800-654-9677 x 3048365

Rapid Entry System Order Form

This form must be filled out completely or your order will be delayed.

1. Orders must be prepaid.
2. Fill in your billing and shipping address.
3. Contact your fire department for their system code.

4. Submit order via: Fax: 800.547.2111

Email: alejandra.gallca@kiddeus.com

Mail: Kidde Safety, 1016 Corporate Park Drive, Mebane, NC 27302

All Kidde Safes come with black polyester textured powder paint, wall anchors and bolts. Optional through-wall mounting kits are recommended for non-recessed units for higher security.		QTY.	PRICE	TOTAL
