

Town of Rutland, Vermont

Class IV Road Guidelines

The following guidelines have been established for equal and uniform treatment of Class IV roads within the Town of Rutland. Class IV town roads are those so designated on the town highway map for the Town of Rutland.

- 1) The Town will grade Class IV roads annually upon request and at the convenience of the town.
- 2) The Town will maintain existing culverts under Class IV town roads as necessary.
- 3) The Town will provide minimal road materials for repairs to Class IV roads as determined by the Road Commissioner, with prior approval from the Select Board. The Town will establish an annual budget for this material.
- 4) The town will not plow nor provide any winter maintenance on Class IV roads except at the convenience of the Town.
- 5) The Town will sand Class IV roads only when conditions of severe icing have occurred, and at the convenience of the Town.
