

08/14/2024: ADDENDUM TO 07/23/24 GRIEVANCE OF VELCO:

VELCO is one of the Town's several utilities whose valuation is dually governed by VT Property Valuation & Review (PVR) per VT statute. On July 24, 2024, VELCO's grievance to the Board of Listers was denied in reliance upon communications to the Town's Listers from PVR. However the Town has also since received ongoing email communications between PVR and VELCO, with a final email from PVR directing that VELCO should forward their communications to the Town relative to the grievance. With that updated information, the Town has reduced VELCO's assessment by \$2,838,200, for a revised total Grand List assessment for 2024 of \$40,339,00.
