

RUTLAND TOWN SELECTBOARD HIGHWAY COMMITTEE MEETING

OCTOBER 5th, 2026

The Highway Committee of the Rutland Town Selectboard met at 8:00 AM on Monday October 5th, 2026, at the Municipal Town Hall. Present were Selectboard Clerk Joe Denardo, Selectboard Member Kurt Hathaway, Town Road Commissioner Dave Sears, and Town Administrator Bill Sweet.

Discussed the changes and repairs needed to the Post Road sewer pump station

- There is a manhole on the East side of 7 North which has a leaking fitting. The valves can be removed along with the manhole in the process. This will make future work easier.
- Updates to the pump station need to be made as well. Everything in it is from the original installation.
- Discussed the extent of the repairs needed and possible funding sources.
- The updates are largely needed due to the planned housing development farther up Post Road. There is some infrastructure money which may be available to help cover these costs.
- Discussed the scenarios which are involved with the development.
- Otter Creek Engineering can be asked to do a study and create some plans around this to help coordinate future plans.

Discussed the status of other projects. No action items are needed at this time.

The meeting was adjourned at 9:10 AM.

Respectfully submitted, Bill Sweet
